

Form

FormSub  
FormCentre

## FormSub

The FormSub can be added to, and combined with, any of the speakers in the Form and Heritage series.

Powered by a 400W class D amp it is very powerful, and the bass unit is extremely fast, easily keeping up with the ceramic units.

Because of its stroke (the distance the bass unit cone moves back and forth) it has a very dynamic performance.

## FormCentre

The FormCentre shares the same tweeter as the FormFloor, making the two speakers a perfect match, and allowing you to expand your system to 3.1 or 5.1.

Like the FormFloor, its custom made ceramic bass mid-range drivers give excellent musical performance, while the tweeter is forgiving despite its high-resolution performance.

The FormCentre is small and easily placed in a room, regardless of its size.

### Technical specifications FormSub

Frequency range / 19-200 Hz +-3dB  
 Power rating / 400 W class D  
 Type / Ported system, port resonance 21 Hz  
 Drive units / One 10" extreme long throw  
 Crossover frequency / Third order, 30-120 Hz  
 Terminals / RCA: 10 kOhm, High input: 1 kOhm  
 Cabinet / 25mm MDF  
 Dimensions WxHxD / 38 x 46 x 40 cm (15 x 18.1 x 15.7")  
 Net weight / 30 kg (66.7 lbs)

### Technical specifications FormCentre

Frequency range / 70-40000 Hz +-3dB  
 Power rating / 150 W  
 Sensitivity / 87 dB/w/m  
 Impedance / 8 ohm (5.9 ohms min)  
 Type / Closed box  
 Drive units / One 7" ceramic-mid, 2.2" ribbon-tweeter  
 Crossover frequency / Second order, 3000 Hz  
 Terminals / Single wire binding posts  
 Cabinet / 19mm MDF  
 Dimensions WxHxD / 44.6 x 21 x 33 cm (17.5 x 8.3 x 13")  
 Net weight / 8.5 kg (18.9 lbs)

### Finishes

Piano Black

Please note Colours may not be a true representation of actual finish.
